OLYMPIAN FINALIST'S LUNCHEON

On Monday, April 25th, we hosted our annual Olympian Luncheon at Beeb's Sports Bar and Grill in Livermore. At this event, we host the twelve 2016 Olympian finalists as well as their parents, booster directors, the two athletic directors, as well as other area school dignitaries.

Each finalist was able to give a short speech, reflecting on both their academic and athletic careers, and telling some fantastic stories. The Olympian committee has an extremely tough job now trying in selecting the 4 Olympians from this very talented group, who had a combined GPA of over 3.9.

OLYMPIAN AWARDS BANQUEST

On Monday May 16th we will host our annual Olympian Awards Banquet. At the banquet, we will award \$12,000 in college scholarships to twelve outstanding student-athletes from our two local high schools.

Each of the 4 Olympian winners (a male and female from both Granada High and Livermore High schools) receive a \$2,000 scholarship. Additionally, each of the other eight finalists (two male and two female from each school) each receive a \$500

scholarship. All twelve student-athletes also receive an award plaque.

We also recognize one student-athlete from each of the 52 varsity teams for their integrity, sportsmanship, and inspirational leadership. Winners of the 2015 Boosters Team Awards received plaques memorializing their selection.

On page 6 of this newsletter you can find the 2016 Olympian finalists, and on pages 7 and 8 the 2015 Olympian winners and

finalists.

The 2016 Olympian Awards Banquet will take place at the Robert Livermore Center, 4444 East Avenue in Livermore. Tickets are \$25 for adults and \$10 for students and children. Varsity athletes receive complimentary tickets.

Pictures, Pictures, Pictures

Our town of Livermore is extremely fortunate to have two extraordinary photographers—**Bob Bronzan** and **Adam Clark**. These two gentlemen somehow manage to find their way to most of the sporting events of our two public high schools, capturing outstanding photographs of our student-athletes on the spirit of competition.

Bob spent 20 years at Livermore High as a teacher, coach and administrator, before moving to District as an assistant Superintendent

for Personnel in 1984. While at Livermore, he also coached wrestling, football and baseball. Now retired, he spends much of his time giving back to this, where he has lived since 1964.

Adam has had a passion for photography since he was a child growing up in Washington. After graduating with a degree in Commercial Photography, he has made this his career for the past 25 years. Adam now resides in Livermore, and owns and runs Adam J. Clark Photography,

Bob and Adam volunteer hundreds of hours every year taking pictures of our local athletes. And all of their pictures are made available on the Livermore-Granada Boosters [website](#) for the athletes, parents, and friends to enjoy.

If you enjoy the photos, we hope you would consider making a tax deductible [DONATION](#) to support our work

Annual Race to the Flagpole

The Livermore-Granada Boosters were organized in 1949 by a group of former Livermore High School athletes, alumni, and civic-minded businessmen to foster and stimulate scholarship and athletics in the community high school. This group believed that outstanding students active in athletics became future good citizens with qualities of leadership, sportsmanship, and competitive spirit.

In 1958, the Boosters instituted the Olympian Scholarship Award to honor a scholar athlete at our annual banquet. The award was later enlarged several times and now includes a male and female athlete from Livermore and Granada High Schools.

Last year (2015), we handed out a total of \$12,000 in scholarships across six student-athletes from both Granada and Livermore High School. With continued support from local business and individuals, we aim to raise this amount in future years.

WHERE ARE THEY NOW?

Catching up with Past Olympians

Debra Callabresi was the 1986 Olympian Award winner from Livermore High School. Debra attended University of California at San Diego and graduated with a BA in Studio Art with a minor in Mechanical Engineering. The combination of Art and Engineering afforded her an opportunity to work with the UCSD Cray computing center, experimenting with visualization and animation. Debra went on to get a Masters of Fine Arts in Experimental Animation at California Institute of the Arts. She spent about 10 years in the entertainment industry working on a range of projects, from television work, to early internet sound and motion projects, to large format film special effects. Along the way she co-produced and did the effects for a short animated film, *More*, that was nominated for an Academy Award.

In 2000 she co-founded a startup company with 3 other friends that was venture funded, then eventually acquired for purchase. In the course of this project, Debra spun out a digital production company focusing on internet application called N-tonic, which is still her current company. N-tonic is now focused on web projects related to the use of technology in

public health, with clients throughout the state of California, and in Washington DC. Debra is currently one of the Principal Investigators in a 3-year Federal grant sponsored by the Centers for Medicaid and Medicare Services, which seeks to demonstrate a reduction of ER visits and Hospitalizations through HIV prevention and care in the DC area by utilizing technology in community based health care.

Debra says that ***“The Olympian award was empowering as a confidence booster in my early college life. I started my college experience knowing that hard work and persistence will eventually be rewarded. I loved both school and sports, and the lessons learned in high school served as foundation for the many paths my life has taken thus far. Being acknowledged for these efforts as an Olympian taught me early on the value of hard work, and how important it is to give back to others when life affords you the ability to do so.”***
